eurocell[®]
All together better

COLOUR-MATCHED SOLUTIONS

ACROSS THE ENTIRE BUILDING ENVELOPE

Meet the growing demand for coloured profiles with Eurocell – offering you a spectrum of possibilities

Coloured profiles represent a fast growing market as more and more homeowners seek something a little different. For them, basic white just isn't right. They also demand a wider range of colour and finish options than ever before. Here at Eurocell, we can help you meet this increasing demand – and keep every customer delighted.

To begin with, we've expanded our standard range to include some exciting new colours such as Anteak and Cream White. There's also the ever popular Cream, Rosewood and Anthracite Grey – all available from stock.

Or you can choose from our Made To Order range. Now the possibilities really begin to open up, with 32 superb options. There's everything from the beautiful natural appearance of woodgrain finishes to cool greys, greens and blues. Even better, we've now reduced our Made To Order product lead times to three weeks.

What's more, we guarantee colour matching across all of our PVC-U products. So when it just has to be perfect – you can rely on Eurocell.

MODUS WINDOWS & DOORS

COLOURS AVAILABLE FROM STOCK

Why is Modus so very different? Because of the cutting-edge design that sets it apart from decades-old chamfered and ovolo profile systems. It's the UK's first 75mm six/seven-chamber profile, delivering optimum energy efficiency with 28mm and 44mm bead options for a wider choice of double and triple glazing specifications. The fully integrated system also means you can make eight different window and door types from a single system – helping you achieve big savings in terms of stockholding and production.

UNIVERSAL PRODUCTS

COLOURS AVAILABLE FROM STOCK

Cills and ancillaries

The Eurocell range of external cills and end caps are available in three sizes and are colour matched to a wide range of window systems within the industry. External cills are multi-chambered profiles designed to take an imposed vertical load of up to four tonnes.

Plus, there is a wide range of complementary ancillary products allowing you to tailor windows and doors to meet a multitude of potential requirements.

Decorative items

Various decorative add-on products are available so you can help your customers design their perfect windows and doors.

Window finishing

Eurocell offers a comprehensive range of window finishing trims in foam and rigid options, providing the complete package for smart window presentation.

ASPECT BI-FOLD DOORS

COLOURS AVAILABLE FROM STOCK

The Aspect bi-fold door system allows you to make great looking concertina doors that seamlessly connect outdoor and indoor spaces in all kinds of buildings.

Just the job for new-build projects and refurbishment projects, these designer folding doors are always high on the list for developers looking to create attractive, modern openings. They're versatile enough to create a glass wall up to six metres wide, with anything from two to six panel doors and smooth, simple opening thanks to a bottom and top rail hardware mechanism.

SKYPOD SKYLIGHTS

COLOURS AVAILABLE FROM STOCK

Skypod skylights provide an innovative alternative to aluminium skylights or conservatory roof systems that's a beautifully cost-effective way to add height and space to a room.

They're versatile enough for most situations, with a range of sizes, colours and finishes and don't just provide stylishly contemporary looks, but excellent energy efficiency, too.

The Skypod range of pitched roof skylights for flat roofs extends from compact designs to those offering larger glass areas and clean sight lines, and they're designed to be fast and easy to install.

CONSERVATORIES

COLOURS AVAILABLE FROM STOCK

More and more customers are specifying high quality conservatories to connect living and outdoor space and create an extra room that's more cost-effective than an extension. But fewer and fewer installers want the hassle of sourcing components from separate suppliers.

That's why the Eurocell complete conservatory service provides fully compatible conservatory profiles, roof systems and high-performance doors and windows to allow you to provide a better service all round.

ROOFLINE

COLOURS AVAILABLE IN-BRANCH

When it comes to getting roofline right, you can't cut corners. Fit Eurocell fascias, soffits and cladding, for installations that shrug off the effects of the weather and stay looking great – guaranteed for up to 20 years.

What's more, they'll do this whilst reducing the time you spend on the job as they're strong enough to be fitted directly onto roof rafters with no painting required. Plus, all our boards are available in all popular widths and a wide range of colours to suit any replacement or new build project.
